DICOM Image Distribution

DMC - EZ Hybrid e400

DICOM CD/DVD Burner with contactless delivery of patient images and results.

Create CD/DVD's or send images electronically from a single device and user interface.
Patients no longer have to wait at the hospital or emergency department for a disc.
No return trips to the hospital are necessary for patients to pick up a disc.
Images and results are simply emailed to patients from an easy to use interface.
Patients can email their images and results to referring physicians or create their own discs at home.
Stop spending money on FedEx or courier services.
Reduce the need to handle discs and sharing between staff, patients and referring physicians.
EZ to implement and EZ to use.
